

# Silver Star Club Resort

## December 29, 2023 – January 4, 2024

**Voted #1 Place To Ski in North America by US Cross Country Ski Team!** You can easily fall in love with Silver Star's fairytale village. Inspired by a typical nineteenth century British Columbian mining town era with Victorian architecture, this town is a true winter wonderland. Brightly colored store fronts and boarded sidewalks provide a unique ambiance that radiates fun, enthusiasm and excitement for the whole family. Both Nordic and Alpine skiing right out your door! At Silver Star you have access to 105km of pristine track-set Nordic trails (55 kilometers on the Silver Star trail network and 50 kilometers through Sovereign Lake Nordic Center), stunning views, thoughtful grooming and over 23 feet of their famous champagne powder per year – **they offer superb Nordic skiing for any level.**

### NORDIC SKIING

Silver Star offers a rich variety of world-class skate and classic lift-accessed Nordic trails. You can use your Nordic ski pass to go on any one of 4 chair lifts and then ski on Nordic trails from the top of the mountain. There is over 105km (60 miles) of groomed and trackset trails winding throughout the mountain and the neighboring Sovereign Lake Nordic Center. It's not hard to see why many International World Cup and Olympic athletes choose to train here. ***There are plenty of trails for people who do not want such a challenging ski experience. Even their black trails are easily doable – they are like our blue trails in the northeast.***

### SKI PARTNERS

This is one of the unique and wonderful services that Silver Star provides. Every day at 9:30 AM and 1:15 PM there is an area where you can go to meet up with either Nordic or Alpine Ski Partners who will take you anywhere you want to go on the Silver Star trail system. The best part is they are FREE! With the ski partners you are never alone and always have someone skilled to guide you. You don't even need a trail map when you ski with Ski Partners.
